<b>Federal Agencies</b>				
<i>A Guidebook of Professional Practices for Behavioral Health and Primary Care Integration: Observations From Exemplary Sites</i>	Agency for Healthcare Quality (AHRQ)	2015	Guidebook of organization-level and interpersonal/individual-level approaches that support integrated behavioral health care in the primary care setting. Guidebook developed through an expert panel, a literature review, and observations/interviews at eight high-performing primary care organizations.	<a href="https://integrationacademy.ahrq.gov/sites/default/files/AHRQ_AcademyGuidebook.pdf">https://integrationacademy.ahrq.gov/sites/default/files/AHRQ_AcademyGuidebook.pdf</a>  Synopsis of findings on page 10. Practice assessment worksheet on page 112.
<i>Behavioral Health Treatment Services Locator</i>	Substance Abuse and Mental Health Services Administration (SAMHSA)	2016	A national locator for individuals (and referring providers) to find treatment facilities for mental health and/or substance abuse issues.	<a href="https://findtreatment.samhsa.gov/">https://findtreatment.samhsa.gov/</a>
<i>Final Recommendation Statement: Screening for Depression in Adults</i>	U.S. Preventive Services Taskforce	2017	The USPSTF recommends screening for depression in the general adult population, including pregnant and postpartum women. Screening should be implemented with adequate systems in place to ensure accurate diagnosis, effective treatment, and appropriate follow-up.	<a href="https://www.uspreventiveservicestaskforce.org/Page/Document/RecommendationStatementFinal/depression-in-adults-screening1">https://www.uspreventiveservicestaskforce.org/Page/Document/RecommendationStatementFinal/depression-in-adults-screening1</a>
<i>Screening Tools</i>	SAMHSA	N/A	Screening tools for depression, as well as drug and alcohol disorders, bipolar disorder, suicide risk, anxiety, and trauma.	<a href="https://www.integration.samhsa.gov/clinical-practice/screening-tools">https://www.integration.samhsa.gov/clinical-practice/screening-tools</a>
<b>New York State Agencies</b>				
<i>Depression</i>	New York State Office of Mental Health	2016	A booklet for patients with simple and supportive messages about depression: <ul style="list-style-type: none"> <li>▪ Depression is a real illness.</li> <li>▪ Depression affects people in different ways.</li> <li>▪ Depression is treatable.</li> <li>▪ If you have depression, you are not alone.</li> </ul>	<a href="https://www.omh.ny.gov/omhweb/booklets/depression.pdf">https://www.omh.ny.gov/omhweb/booklets/depression.pdf</a>

<b>Provider Organizations</b>				
<i>Collaborative Care for Depression in a Safety-Net Health System</i>	New England Journal of Medicine (NEJM) Catalyst	2017	Description of and learnings from NYC Health + Hospitals' universal depression screening program for adults in primary care.	<a href="http://catalyst.nejm.org/collaborative-care-depression-safety-net-health-system/">http://catalyst.nejm.org/collaborative-care-depression-safety-net-health-system/</a>
<i>Depression Medication Choice</i>	Mayo Clinic Shared Decision Making National Resource Center	N/A	Resources to support shared decision-making between provider and patient around depression medication. Resources include: <ul style="list-style-type: none"> <li>▪ Decision aid cards and brochure, also available in Spanish</li> <li>▪ Video and storyboard to demonstrate use of decision aids to providers</li> </ul>	<a href="http://shareddecisions.mayoclinic.org/decision-aid-information/decision-aids-for-chronic-disease/depression-medication-choice/">http://shareddecisions.mayoclinic.org/decision-aid-information/decision-aids-for-chronic-disease/depression-medication-choice/</a>
<b>Improvement Organizations/Multi-Stakeholder Coalitions/Networks</b>				
<i>CCNC Adult Depression Toolkit for Primary Care</i>	Community Care of North Carolina (CCNC)	2015	Toolkit of practical, evidence based tools to help primary care practitioners treat depression in adults. Includes implementation recommendations, algorithm for initial assessment, screening tools, treatment decision aids, medication recommendations, guidance on psychiatrist referrals, and suggestions for patient engagement.	<a href="https://www.communitycarenc.org/media/related-downloads/ccnc-depression-toolkit.pdf">https://www.communitycarenc.org/media/related-downloads/ccnc-depression-toolkit.pdf</a>  (Video) Screening for Depression Tools, Follow-Up, and Co-management <a href="https://vimeo.com/147902666">https://vimeo.com/147902666</a>  (Video) Rationale for Talking about Depression in Primary Care: <a href="https://vimeo.com/147903358">https://vimeo.com/147903358</a>  Provider Tools (e.g., flowcharts, self-care action plans, medication guides): <a href="https://www.communitycarenc.org/provider-tools/conditions/depression/">https://www.communitycarenc.org/provider-tools/conditions/depression/</a>
<i>Implementation Guide for Depression Screening and Treatment</i>	University of North Carolina at Chapel Hill, RTI International, and Carolina Collaborative Community Care	2016	A guide for practice facilitators that serves as a companion document to CCNC's Adult Depression Toolkit for Primary Care (above).	<a href="http://consortiumforis.org/wp-content/uploads/2016/10/Implementation-Guide-for-Depression-Screening-and-Treatment.pdf">http://consortiumforis.org/wp-content/uploads/2016/10/Implementation-Guide-for-Depression-Screening-and-Treatment.pdf</a>  Especially useful for TA providers (e.g., PTA agents in APC).

<b>Improvement Organizations/Multi-Stakeholder Coalitions/Networks, continued</b>				
<i>Integrating Depression Screening and Management with Primary Care in New York City: Lessons Learned from the Multi-Payer One Voice Initiative</i>	Northeast Business Group on Health (NEBGH)	2014	Learnings from a multi-payer demonstration using a collaborative care model to screen and treat depression in NYC-based primary care practices.	<a href="http://nebgh.org/wp-content/uploads/2016/04/NEBGH_OneVoiceBriefFINAL-062014.pdf">http://nebgh.org/wp-content/uploads/2016/04/NEBGH_OneVoiceBriefFINAL-062014.pdf</a>
<i>PCMH Behavioral Health Integration - Screening for Depression</i>	Patient-Centered Primary Care Collaborative (PCPCC)	2012	Webinar describing successful efforts to improve depression screening in the patient-centered medical home across a spectrum of patient populations (teens, adults, Medicare eligibles).	<a href="https://www.pcpcc.org/webinar/pcmh-behavioral-health-integration-screening-depression">https://www.pcpcc.org/webinar/pcmh-behavioral-health-integration-screening-depression</a>
<i>Primary Care Team Guide: - Behavioral Health Integration - Medication Management</i>	LEAP, developed by McColl Center for Health Care Innovation at Group Health Research Institute	2016	Myriad resources – learning modules, toolkits, publications, patient materials – on effective primary care teamwork in the areas of behavioral health integration and medication management.	<a href="http://www.improvingprimarycare.org/work/behavioral-health-integration#tab-2">http://www.improvingprimarycare.org/work/behavioral-health-integration#tab-2</a>  <a href="http://www.improvingprimarycare.org/work/medication-management">http://www.improvingprimarycare.org/work/medication-management</a>
<i>Shared Decision-making and Depression Treatment in Primary Care</i>	Six Minnesota health plans: Blue Cross, HealthPartners, Medica, Metropolitan Health Plan, Hennepin Health, and UCare, with project support from Stratis Health	2015	Recorded webinar for health care providers focusing on how to incorporate shared decision making into primary care when working with patients who experience depression.	<a href="http://www.stratishealth.org/documents/Shared-decision-making-20151112.wmv">http://www.stratishealth.org/documents/Shared-decision-making-20151112.wmv</a>
<b>Journal Articles</b>				
<i>Screening for Depression</i>	American Family Physician	2012	Overview of depression symptoms, risk factors, screening tools, and population-specific approaches for screening.	<a href="http://www.aafp.org/afp/2012/0115/p139.html">http://www.aafp.org/afp/2012/0115/p139.html</a>
<i>Why Depression Screenings Should Be Part of Routine Check-Ups</i>	The Atlantic	2016	A discussion of the importance of the U.S. Preventive Services Task Force guidelines on depression screening.	<a href="https://www.theatlantic.com/health/archive/2016/02/depression-screening-primary-care/462933/">https://www.theatlantic.com/health/archive/2016/02/depression-screening-primary-care/462933/</a>
