Independent Auditors' Report

The Board of Directors United Hospital Fund of New York:

We have audited the accompanying financial statements of United Hospital Fund of New York as of February 29, 2016 and February 28, 2015, which comprise the statements of financial position as of February 29, 2016 and February 28, 2015, and the related statements of activities, cash flows, and functional expenses for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Hospital Fund of New York as of February 29, 2016 and February 28, 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Notes to Financial Statements

February 29, 2016 and February 28, 2015

(1) Organization

United Hospital Fund of New York (UHF) is a not-for-profit organization incorporated under the laws of New York State and is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code.

UHF is an independent organization working to build a more effective health care system for every New Yorker. We analyze public policy to inform decision-makers, find common ground among diverse stakeholders, and develop and support innovative programs that improve the quality, accessibility, affordability, and experience of patient care.

UHF was founded in 1879 by hospital trustees to help meet the financial needs of New York City's not-for-profit hospitals through a unified and coordinated citywide annual fundraising effort and to help hospitals address common concerns.

Over the years, UHF has evolved into a nationally recognized independent force for health care improvement in New York. UHF's current initiatives include:

- **Quality Institute:** Advancing health care quality through thought leadership, collaborations, and innovative programs;
- **Medicaid Institute:** Providing data and policy analysis to support a strong Medicaid program;
- Children's Health: Strengthening pediatric primary care to promote healthy child development;
- **Families and Health Care Project:** Recognizing and supporting family caregivers as essential partners in health care;
- **Health Insurance Project:** Promoting strong health insurance markets to provide affordable, efficient health coverage for New Yorkers;
- **Innovative Strategies:** Promoting innovations that improve performance of the health care delivery system; and
- **Aging in Place:** Building connections between community-based aging service organizations and health care to support healthy aging.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Notes to Financial Statements

February 29, 2016 and February 28, 2015

(b) Net Asset Classifications

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of UHF and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed restrictions. This includes unrestricted gifts that the board of directors (the Board) designates for long-term investment purposes but that the Board can approve for use at a future date.

Temporarily restricted net assets – Net assets subject to donor-imposed restrictions that will be met either by actions of UHF and/or the passage of time.

Permanently restricted net assets – Net assets subject to donor-imposed restrictions that they be maintained permanently by UHF. Generally, the donors of these assets permit UHF to use all or part of the income earned on related investments.

Revenues, gains, and other support are reported as increases in unrestricted net assets unless their use is limited by explicit donor-imposed restrictions or by law. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor-imposed stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

(c) Measure of Operations

In the statements of activities, UHF includes in its definition of operations, all support, revenue, and expenses that are an integral part of its program and supporting activities. Investment income, including net realized and unrealized gains and losses, earned in excess of (less than) UHF's authorized spending policy, postretirement related changes other than net periodic cost, change in value of beneficial interest in perpetual trusts, and other nonrecurring activities are recognized as nonoperating activities and support.

(d) Fair Values

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that a reporting entity has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

Notes to Financial Statements February 29, 2016 and February 28, 2015

Alternative investments consist of shares or units in investment funds as opposed to direct interests in the funds' underlying holdings, which may be marketable. The net asset value (NAV) reported by each fund is used as a practical expedient to estimate fair value of UHF's interest therein. The classification of investments in the fair value hierarchy is not necessarily an indication of the risks, liquidity, or degree of difficulty in estimating the fair value of each investment's underlying assets and liabilities.

The following methods and assumptions were used by UHF in estimating the fair value of each class of financial instruments, except where otherwise disclosed, for which it is practicable to estimate fair value:

Cash and Short-Term Investments, Actively Traded Mutual Funds, Common Stocks, and U.S. Treasury Inflation-Protected Securities – Valued using market prices in active markets.

Alternative Investments – Stated at the NAV as provided by the investment managers.

Grants and Other Receivables, Accounts Payable and Other Liabilities, and Grant Commitments — The carrying amount reported in the statements of financial position approximates its fair value because of the short-term nature of the accounts. The estimated fair values, however, involve unobservable inputs considered to be Level 3 in the fair value hierarchy.

(e) Contributions and Grants

Grants and contributions are evaluated as to whether they qualify as exchange transactions or contributions as defined by GAAP. Grants and contributions that are treated as exchange transactions are reported as unrestricted revenue when expenses are incurred in accordance with the terms of the agreement.

Contributions and grants, which include unconditional promises to give, are recognized initially at fair value as revenues in the period received. The inputs to the fair value estimate are considered Level 3 in the fair value hierarchy. Conditional contributions and promises to give are not recognized until they become unconditional, that is when the future and uncertain event on which they depend has occurred. Contributions with a donor-designated recipient are treated as pass-through items and are recognized as a receivable and payable, with no impact on the statements of activities. Donated securities are measured at fair value at the date of the contribution. Unless material, UHF does not discount to present value contributions to be received greater than one year.

(f) Legacies

Legacies are recognized as support when the wills have passed probate and the sum is certain.

(g) Cash and Cash Equivalents

Cash and cash equivalents consist of cash, demand bank accounts, and short-term money market accounts, but exclude cash held for long-term investment. UHF maintains cash in one commercial bank and the balance, at times, may exceed insured limits. UHF has not experienced any losses in such accounts.

Notes to Financial Statements

February 29, 2016 and February 28, 2015

(h) Investments

Investments in short-term instruments, fixed income securities, and equity securities are carried at fair value based on published market prices at the end of the fiscal year. Investments in mutual funds are valued at their closing NAV per share on the valuation date, which is their redeemable value. Investments in investment funds and limited partnerships are stated at the NAV as provided by the investment managers. Because of the inherent uncertainty of valuation of UHF's investments in investment partnerships and for certain underlying investments held by the investment partnerships, values for those investments may differ significantly from values that would have been used had a ready market for the investments existed. Purchases and sales of short-term instruments, fixed income securities, and equity securities are reflected on the trade-date basis. Investment income and gains are recorded on an accrual basis.

In October 2014, the Board elected to contract with an outsourced chief investment officer (OCIO) to manage its investments. As noted in the agreement, the OCIO serves as UHF's discretionary investment advisor, charged with investing in accordance with and abiding by UHF's investment policy and guidelines. At the end of December 2014 and into January 2015, UHF liquidated and transferred most of its assets to a new custodian, which were then available to be invested by UHF's OCIO. UHF's approved spending needs will be provided for each year. Additional withdrawals can be requested with 100 days' written notice, which will be paid on the last business day of the calendar quarter in which the notice applies, except that UHF is precluded from requesting additional withdrawals prior to the first anniversary of the initial investment.

(i) Property and Equipment

Purchases in excess of \$1,000 are capitalized and are recorded at cost. Property and equipment are depreciated using the straight-line method over their estimated useful lives, which approximate 37 years for property and ranges from 3 to 5 years for equipment. Leasehold improvements are amortized on a straight-line basis over the lesser of their useful lives or the term of the lease.

(j) Grant Commitments

Grant commitments consist of grants, which UHF is obligated to pay to beneficiary hospitals or other organizations. Grants are recorded as a liability and related expense when the Board approves them. Unless material, UHF does not discount to present value commitments to be paid later than one year. Grant commitments of \$902,308 and \$987,500 as of February 29, 2016 and February 28, 2015, respectively, are payable within one year.

(k) Beneficial Interest in Perpetual Trusts

UHF receives periodic income from certain trusts that require part or all of the income to be paid to UHF in perpetuity. Title to the principal interests in the assets of these trusts is held by outside trustees not affiliated with UHF, who retain control over the investment decisions regarding these assets. GAAP requires, however, that these trusts be recorded as permanently restricted net assets in UHF's financial statements. As a result, UHF has recorded the trusts based upon UHF's ownership percentage of the fair value of the underlying assets. The estimated fair value, however, involves unobservable inputs considered to be Level 3 in the fair value hierarchy. Changes in the value of the investments are

Notes to Financial Statements February 29, 2016 and February 28, 2015

recognized as gains or losses in permanently restricted net assets in the accompanying statements of activities on an annual basis.

(l) Board Spending Policy

UHF maintains an investment pool for certain investments. The Board has authorized a policy to provide a predictable flow of funds to support operations. The policy permits allocation based on a trailing moving average of the pool calculated as of the calendar year-end, as operating income in the following fiscal year, even in the event the actual return achieved is inadequate to meet the allocation. The allocation authorized for the years ended February 29, 2016 and February 28, 2015 was 5.5% of a 36-month trailing moving average. In February 2014, the Board authorized an additional draw of 1.5%, or approximately \$5 million over 3 fiscal years, 2015, 2016 and 2017, to be used for specified purposes as approved by the Board for each year's budget, and as reported to the board at interim periods during the year. Certain endowment gifts are restricted for specific purposes, the income from which, included in the spending rate, is spent in accordance with those restrictions.

(m) Functional Allocation of Expenses

The costs of providing the various program and other activities of UHF have been summarized on a functional basis in the statements of activities. Accordingly, costs have been allocated directly among the programs and supporting services benefited.

(n) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingencies at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(o) Tax

UHF recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Income generated from activities unrelated to UHF's exempt purpose is subject to tax under Internal Revenue Code Section 511. UHF did not recognize any unrelated business income tax liability for the years ended February 29, 2016 and February 28, 2015.

(p) Reclassifications

Certain reclassifications of 2015 amounts have been made to conform to the 2016 presentation.

(3) Grants and Other Receivables, Net

Grants and other receivables balances at February 29, 2016 and February 28, 2015 were \$482,643 and \$463,378, respectively, which are expected to be collected within one year.

	_	4,797,398	5,370,922

(7) Postretirement Benefit Plans

UHF has a noncontributory unfunded postretirement benefit plan (postretirement), which covers substantially all employees and their spouses. Each participant will be eligible for these benefits at age 55 and after 10 years of service upon retirement and enrollment in Medicare. Coverage for both the retiree and the spouse continues for their lifetimes, so long as required contributions are made. Employees who retired on or after February 1, 1993 are not eligible for Medicare Part B premium reimbursement.

Health care cost trend assumptions were not used in the postretirement calculation since the benefit liability attributable to UHF is determined by the portion of the total cost of medical benefits that are covered by UHF. UHF's contribution amount is \$1,500 per year for individuals and \$3,000 per year for family coverage, without regard to the total cost of the medical benefit in each case. The liability, based on this flat dollar benefit amount contributed by UHF, assumes no further increases in the \$1,500/\$3,000 UHF contribution.

Notes to Financial Statements

February 29, 2016 and February 28, 2015

The accumulated postretirement benefit obligations and the funded status of the plan as of February 29, 2016 and February 28, 2015 are as follows:

	_	February 29, 2016	February 28, 2015
Change in benefit obligation:			
Benefit obligation, beginning of year	\$	872,861	787,126

Total recognized in change in unrestricted net assets and net periodic benefit	\$_	(83,273)	107,197

Notes to Financial Statements

February 29, 2016 and February 28, 2015

The following benefit payments are expected to be paid as follows:

2017	\$ 38,201
2018	42,757
2019	44,326
2020	45,068
2021	45,753
2022–2026	232,881
	\$ 448,986

The amount expected to be recognized in net periodic benefit cost is a gain of \$12,827 during fiscal year 2017.

The weighted average assumption used to determine the components of benefit cost as of and for the years ended February 29, 2016 and February 28, 2015 was 3.86% and 3.54%, respectively.

UHF maintains a defined contribution retirement plan under Section 403(b) of the Internal Revenue Code, in which all employees, as defined, are eligible to participate. Participants may make voluntary contributions, subject to plan limitations, to be applied toward the purchase of retirement annuities. UHF is obligated to match annual employee contributions, measured as of December 31 of each year, up to a maximum of \$2,000 for each eligible employee, as defined in this plan and allows for a discretionary employer contribution of 4% to 8% based on years of service. For the years ended February 29, 2016 and February 28, 2015, UHF contributed \$428,630 and \$421,747, respectively, to the defined contribution plan. All contributions vest immediately. This plan's assets consist primarily of U.S. equity holdings and fixed income securities.

In December 2002, UHF implemented a 457(b) defined contribution retirement plan, in which only certain highly compensated employees are eligible to participate. Participants may make voluntary contributions, subject to plan limitations, applicable toward the purchase of retirement annuities. UHF may make a contribution to the plan on behalf of certain participants as defined in the plan to receive a Fund contribution. For the years ended February 29, 2016 and February 28, 2015, UHF contributed \$38,000 and \$37,500, respectively, to this plan.

(8) Commitments

In September 2010, UHF entered into a lease for office facilities at 1411 Broadway, expiring in September 2026. The lease terms provided for a free rent period through October 2011 and tenant improvement allowances (TI allowance) in the amount of \$2,045,228. Free rent period, TI allowance, and charges are accounted for on a straight-line basis over the life of the lease.

In January 2013, UHF entered into a lease for office facilities in Albany. The lease expires in December 2017.

Notes to Financial Statements

February 29, 2016 and February 28, 2015

Future minimum lease payments as of February 29, 2016, net of the applicable rent credits, are as follows:

2017	\$ 1,223,833
2018	1,284,498
2019	1,270,758
2020	1,270,758
2021	1,270,758
Thereafter	7,636,971
	\$ 13,957,576

Rent expense for the years ended February 29, 2016 and February 28, 2015 amounted to \$1,108,819 and \$1,080,360, respectively, and a deferred rent obligation of \$2,607,767 and \$2,677,393, respectively, is the liability for the free rent period and TI allowance.

UHF has made a commitment to invest \$2,500,000 in real estate limited partnerships (real estate fund of funds investment), funded from its fixed income investments within the investment portfolio. As of February 29, 2016 and February 28, 2015, UHF had invested \$2,145,545 of this commitment. For the years ended February 29, 2016 and February 28, 2015, UHF received redemptions of \$61,261 and \$457,755, respectively. Cumulative redemptions to date are \$2,827,619 and \$2,766,358 at February 29, 2016 and February 28, 2015, respectively.

UHF has made a commitment to invest \$3,000,000 in private real assets, funded from its fixed income investments within the investment portfolio. As of February 29, 2016, UHF had invested \$333,608 of this commitment, and has received no redemptions to date.

UHF has made a commitment to invest \$3,000,000 in private capital, funded from its fixed income investments within the investment portfolio. As of February 29, 2016, UHF had invested \$52,500 of this commitment, and has received \$1,028 in redemptions.

In December 2015, UHF renewed a \$1,000,000 line of credit, which expires on December 30, 2016. Borrowings are unsecured and interest is charged at the bank's prime rate. There were no amounts outstanding or drawn under this agreement during the years ended February 29, 2016 and February 28, 2015.

(9) Endowment Net Assets

UHF classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The portion of a donor-restricted endowment fund that is not classified as permanently restricted is classified as temporarily restricted net assets until appropriated for expenditure.

The policy for valuing UHF's investments is described in note 2(h). In accordance with GAAP, any deterioration of the fair value of assets associated with donor-restricted endowment funds that falls below the level the donor requires UHF to retain in perpetuity is to be reported in unrestricted net assets. UHF has not incurred such deficiencies in its endowment funds as of February 29, 2016 and February 28, 2015.

Notes to Financial Statements February 29, 2016 and February 28, 2015

UHF's endowment investment policy states UHF is to invest primarily in a mix of equities, alternative investments, private equity and fixed income securities based on a prescribed asset allocation strategy designed to achieve UHF's investment objectives. These objectives are to preserve the long-term real purchasing power of UHF's invested assets, prudently invest assets in high-quality, diversified vehicles, and achieve the optimal return possible within specified risk parameters. UHF relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and from income (interest, dividends and rent). UHF's annual spending rate from endowment, described in note 2(1), is to invest primarily in equities and fixed income based on an asset allocation to satisfy its overall endowment financial and investment objectives such as to preserve the principal, protect against inflation, receive stable returns, and preserve the long-term real purchasing power of the endowment while providing a relatively predictable and stable stream of annual distributions in support of UHF's spending requirements.

The composition of the endowment net assets at February 29, 2016 is as follows:

	Unrestricted	Temporarily restricted	Permanently restricted	Total
Board-designated quasi-endowment Donor-restricted endowment	\$ 65,916,818 —	 16,586,002	 1,257,440	65,916,818 17,843,442

(10) Beneficial Interest in Perpetual Trusts

UHF has recorded a decrease of \$573,524 and an increase of \$4,293 in permanently restricted net assets for the years ended February 29, 2016 and February 28, 2015, respectively, relating to the change in fair value of its beneficial interest in perpetual trusts. An outside custodian holds these trusts on behalf of UHF, the perpetual beneficiary. Certain income from the trusts is paid to UHF and the balance, if any, is retained in the trusts.

Notes to Financial Statements February 29, 2016 and February 28, 2015

The underlying assets in the perpetual trusts are allocated as follows:

	February 29, 2016	February 28, 2015
Cash and short-term investments	6%	4%
Equities	69	72
Fixed income	17	13
Alternative investments	8	11
	100%	100%

For the years ended February 29, 2016 and February 28, 2015, UHF received distributions from these trusts of \$164,379 and \$184,171, respectively.

(11) Concentration of Credit Risk

Financial instruments that potentially subject UHF to a concentration of credit risk include cash accounts and other cash equivalents that may exceed the Federal Deposit Insurance Corporation (FDIC) insurance limits of \$250,000 per financial institution. As of February 29, 2016 and February 28, 2015, UHF's cash and cash equivalents included cash and money market funds approximating \$2,690,508 and \$2,183,202, respectively, which are not covered by FDIC insurance.

(12) Subsequent Events

In connection with the preparation of the financial statements, UHF evaluated subsequent events after the balance sheet date of February 29, 2016 through June 8, 2016, which was the date the financial statements were available to be issued and determined that there were no matters that are required to be disclosed.
