ABOUT THE AWARD

United Hospital Fund's
Tribute to Excellence in
Health Care celebrates
the New York metropolitan
region as a center of
excellence in health care
and honors extraordinary
personal leadership to
improve quality of care,
patient safety, and patient
experience. Honorees are
selected by their hospital or
long-term care organization
for their vision and
accomplishment.

United Hospital Fund is
an independent nonprofit
organization, founded in
1879, whose mission is to
build a more effective health
care system—one that is
affordable and accessible,
provides a better patient
experience and the highest
quality of care, and achieves
optimal health outcomes.
